WE HAVE A MISSION

WE AT SWEET STREET DESSERTS CHOOSE TO BE THE LEADER IN THE GOURMET DESSERT INDUSTRY, SETTING THE STANDARD BY WHICH ALL OTHERS ARE JUDGED.

The Power of Good Food Shared™ inspires all of us at Sweet Street to innovate and create the finest, indulgent foods served globally. We nurture the idea that our offerings are universally enjoyed by families and friends, making us part of life's celebrations and memories.

We at Sweet Street choose to be the industry leader, setting the standard by which all others are judged. Exceptional food is our way of life. Our passion for pure, sustainable ingredients and unwavering commitment to always exceed the expectations of our customers ensures our future. Innovation, efficiency and flexibility in all areas are essential to our profitability, the engine for our continued success.

But Sweet Street is about more than great food. Above all, we are dedicated to creating a safe, dynamic and gratifying environment so compelling, our customers, suppliers and coworkers want to participate in achieving mutual success. By continuing to conduct ourselves with the utmost integrity and by anticipating the best interest of these valued people, our company's sweet success is certain.

WE BELIEVE IN SOCIAL RESPONSIBILITY

Although the reach of our company is global, we believe the greatest **positive impact** we can make as a corporate citizen is local. We ascribe to the philosophy of the multiplier effect of **individual responsibility**. By doing our part to **improve our local community and environment**, we hope to **inspire others** to join in our shared effort to make **our world a better place**.

CLEAN INGREDIENT SOURCING

Our work to bake cleaner, more wholesome desserts began over 10 years ago, when we started noticing hidden preservatives and additives in many of our ingredients. It soon became clear the balance had shifted in our food supply and the focus was to “supply chain convenience.” With this realization came our decision to collectively take back control.

My longstanding personal commitment to eating naturally gave me confidence that the arduous process we were embarking upon was worth it, and that our customers would be demanding clean products in the future.

LOCAL &
HORMONE-FREE

To frame our challenge: match flavor and function of ingredients in our 300+ dessert portfolio, all while delivering our fiercely loyal customers the unparalleled taste and quality they have grown to expect. For our purchasing and R&D teams, it has been both exhilarating and challenging as we learned that many of those additives made magic happen in the mysterious chemical laboratory that is the world of baking.

We have stayed the course, using our stature as innovators to educate, convince and sometimes cajole some of the largest ingredient suppliers in the country to change their path. Among many milestones, we have eliminated GMOs from key ingredients, used only hormone-free dairies and creams and removed artificial flavorings while developing house-made, natural alternatives.

As our commitment to being relentless advocates for our customers strengthens, we are proud to be an agent of change in making our food supply wholesome, steering all of us on the path to purity.

Stay amazed,

President/CEO and
Director of R&D
