

February 2026

Ingredient quality has long been a priority at Sweet Street. Well before recent conversations around seed oils, our team has been actively evaluating formulations and making changes where possible to remove them—without compromising taste, texture, or consistency.

Several products already meet this standard, and we continue to make progress across our portfolio. This is part of our ongoing commitment to thoughtful formulation and continuous improvement.

Currently, these are items that do not contain seed oils:

- 3025 Sandy's Amazing Chocolate Chunk Manifesto® Cookie
- 3611 Sandy's Amazing Chocolate Chunk Manifesto®
